**EXECUTIVE VICE PRESIDENT**

Dear NRA Member:

I take great pleasure and pride in writing to encourage you to become a member of the California Rifle and Pistol Association Inc., an action that will strengthen gun owners' clout in California. Since its founding in 1875, the CRPA has worked with NRA vigorously opposing all State and local legislation designed to discourage hunting and the use of firearms for recreation and self-defense.

As the official NRA State Association, the California Rifle and Pistol Association is a major organization for coordinating efforts and programs to improve and preserve firearms ownership rights in California. Through CRPA, you will be provided with timely and valuable state and local pro-gun information and services that you need and want, via the CRPA monthly magazine *The Firing Line*.

CRPA is currently conducting major campaigns focusing on California Legislation.

You can help by joining our state association in this effort on behalf of California firearms owners and all law-abiding citizens. The California Rifle and Pistol Association needs you as a member to help support, preserve, and expand your right to keep and bear arms in California.

**For the cost of just one box of ammunition, you can strengthen the defense of your gun ownership rights. I encourage you to join with us in defending our freedoms by becoming a CRPA member.**

Sincerely,

WAYNE R. LAPIERRE  
EXECUTIVE VICE PRESIDENT
